

Assignment 8

Math 351

1 Instructions

Upload all source files and the `.pdf` output file containing your solution to these exercises to PolyLearn on or before Sunday. An assignment which completes this exercise in an interesting way will earn the coveted \LaTeX er of the week distinction.

Exercise 1. Prepare a \LaTeX version of your résumé or curriculum vitae.

Exercise 2. Prepare a cover letter to go along with your résumé (this can be for a fictitious position).

For either of these exercises you may use the templates I have provided, create your own style, or use resume or letter classes available on CTAN.
